

UNIMATION MEDIA

WEBM SOLUTION

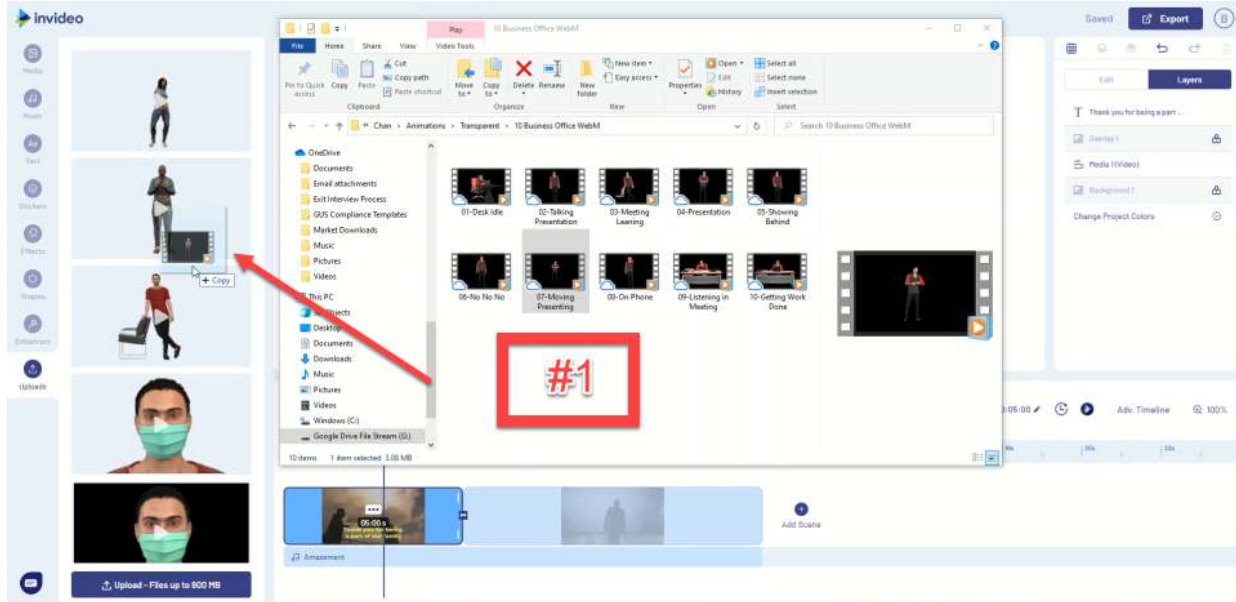

Unimation Media
How to Use WebM
with InVideo & Create Studio

Unimatio.Media

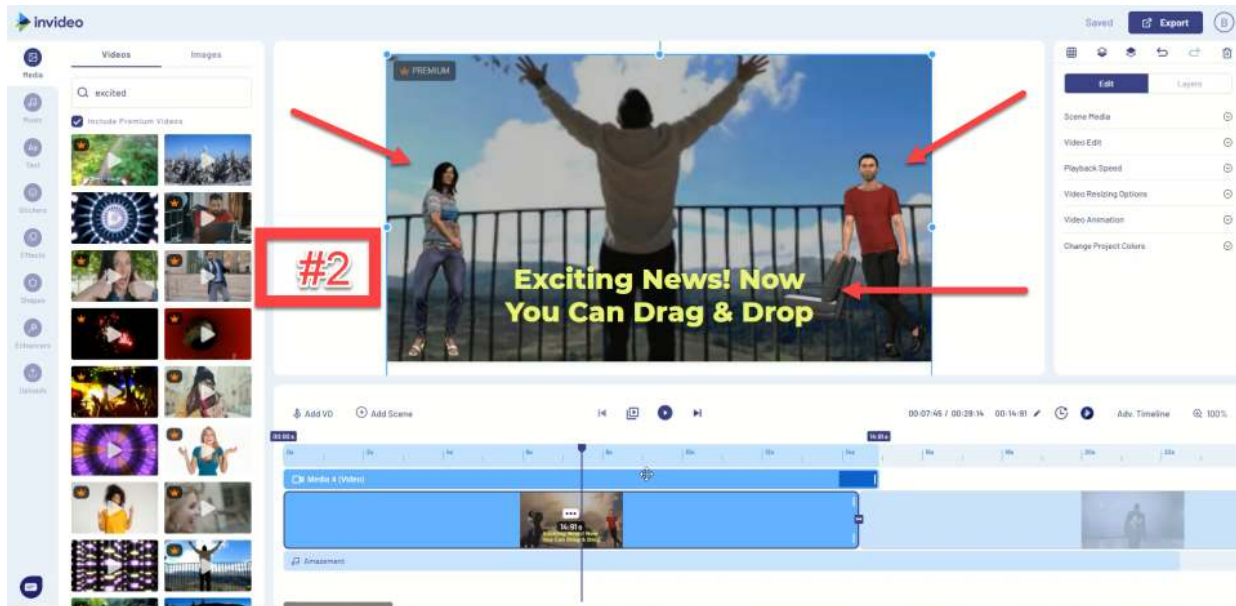

For InVideo

#1) After downloading and unzipping your pack. Open your video folder and simply drag the desired clip onto your timeline.

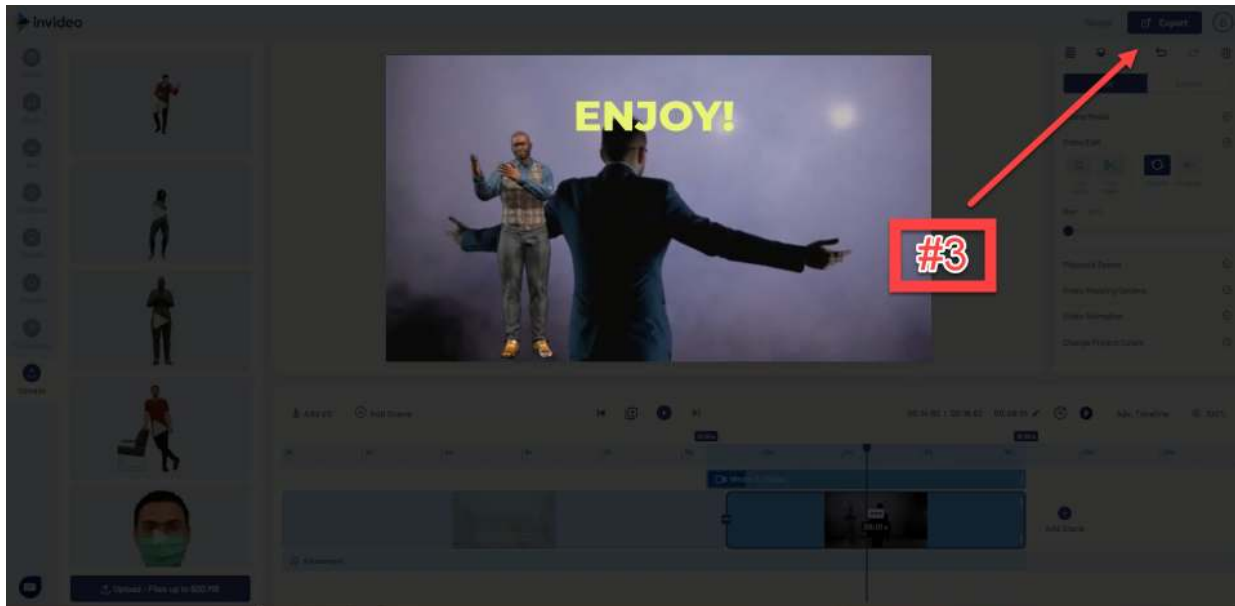

#2) Edit video to your liking.

Unimation Media How to Use WebM

#3) Export and start your next project.

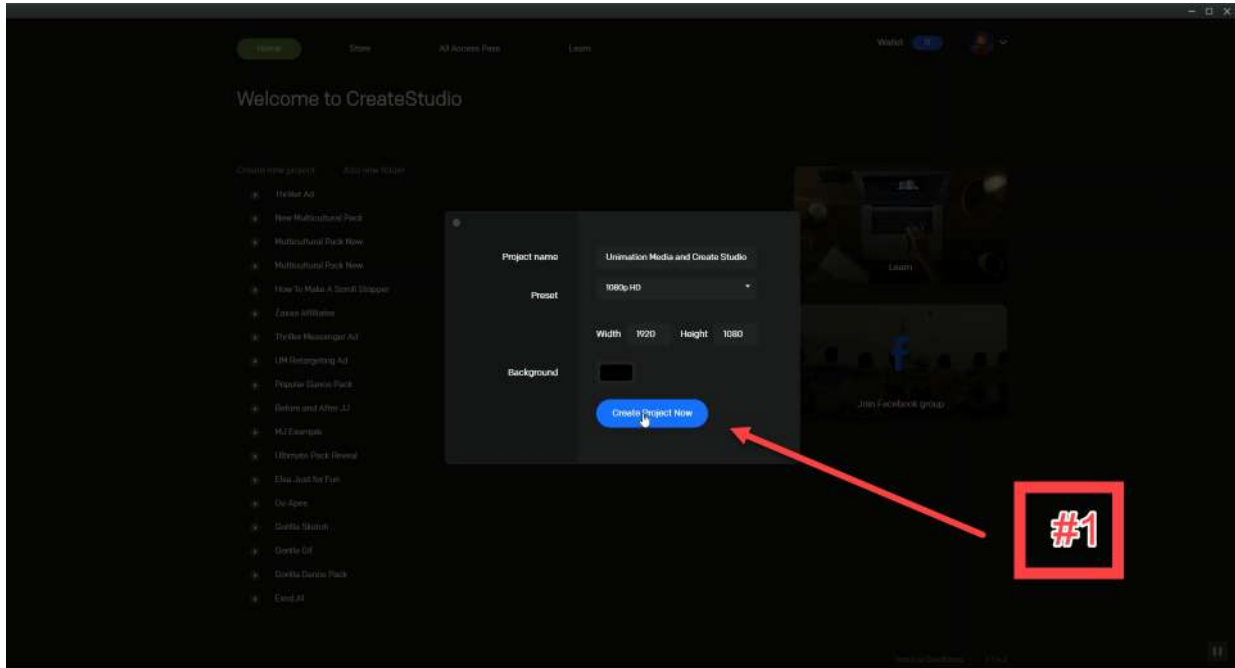

For Create Studio

Following the similar process as above.

#1) Open Create Studio and Start a New Project

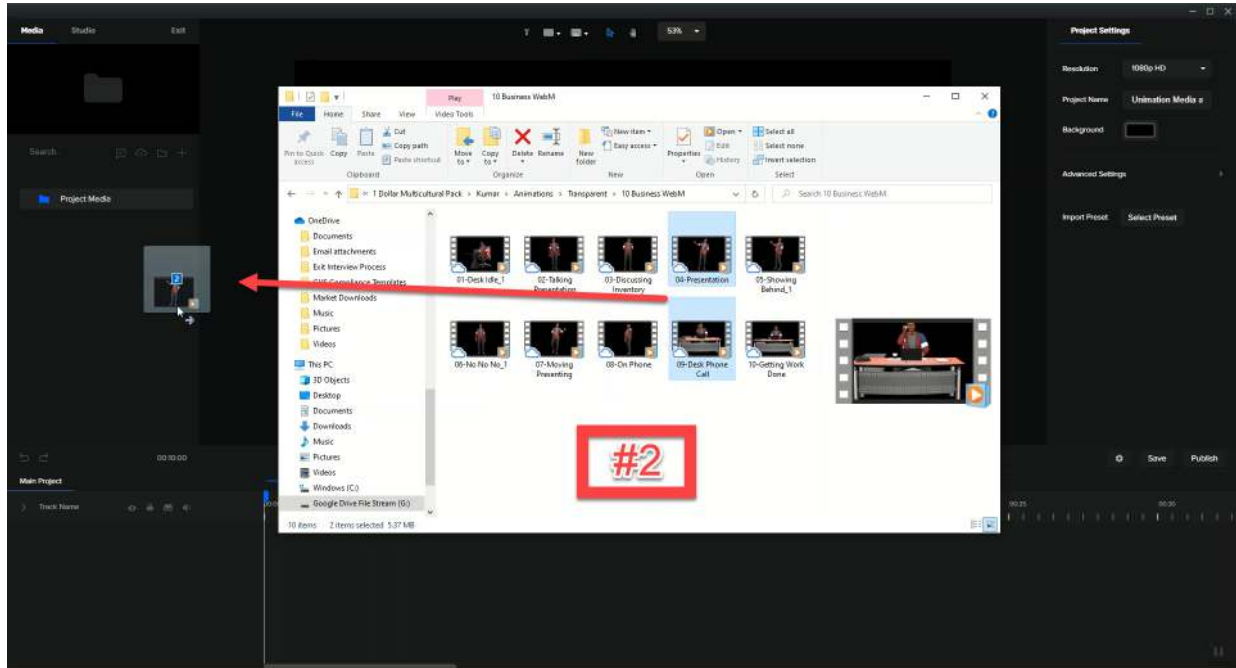

Unimation Media How to Use WebM

#2) Drag and Drop your video files into the software

No long wait time now that you have access to the WebM video files. Loads very fast.
